### ATTN ELECTRICITIIONS:

The State of Arkansas has just recently adopted the latest edition of the Electric code, known as NFPA 70 2017 NEC Code. The City of Goshen will begin to enforce this and its entire contents, as of 3/1/2018. One of the main changes is TAMPER RESISTANT OUTLETS. These will be required in all areas, except with the following few exceptions:

1. Outlets above 5 ½ ft. above the floor
2. Outlets part of a luminaire
3. Outlets dedicated to appliances that cannot be easily moved

Tamper Resistance outlets will also be required in new and renovated areas:

- Childcare facilities
- Hotel/Motel guest rooms
- Preschools and elementary facilities
- Gyms, skating rinks, auditoriums, and places of waiting
- Offices, corridors, waiting room and similar rooms in clinic, medical and dental offices and outpatient facilities

ATTENTION ELECTRICITIIONS - Make certain that you only use TAMPER RESISTANT RECEPTICLES that are listed or acceptable by NEC 2017 code. These receptacles typically have TR on the plug itself.

Thanks for your help and we are sorry for any inconvenience,

Jeff Hutcheson
